Quick Learner with the ability to match the dots from the outlier data around us.

WORK EXPERIENCE

○ Data Analyst ACCENTURE

10/2019 - Present

Chennai

Responsibilities/ Skills

- Developed Assets, reporting and analysing client data.
- Working with Hive, Hadoop, perform testcases and generate report.
- Data preparation for models, feature engineering for prediction.
- Skill :Beginner in Hive, HDFS and Scala.
- Load, migrate Data from INT tor prod using HDFS and deliver.

INTERNSHIP

① Android App Developer PentaMedia Graphics

09/2016 – 12/2016 Chennai Achievements/Tasks

- Developed an app with full functionalities.
- UI/UX for the health care app similar to practo and API integration.

○ Data Analyst Trektics

10/2017 – 12/2017

Chennai

Online Forex managementSystem

Achievements/Tasks

- Applying the analysis on Forex market to predict the trends.
- Worked on recent trend analysis using machine learning.

○ Data Scientist Mocero Health Solutions

12/2018 – 04/2019 Chennai Diabetes partner

Achievements/Tasks

- Built a simple recommendation on the prescription and the drug data.
- Analysis on the patient's data to get the recommended drug.
- Data collection and analyze the data from mims database.

SKILLS

Python

SQL

HDFS

Hive

Machine Learning

Computer vision

Android

Keras

C

C++

PROJECTS

Churn Prediction (09/2017 – 09/2017)

- Prediction on the bank accounts that are active based on the recent activity data.
- Most recent activities are closely monitored along with the transaction details.
- Forecasting the chances of losing the customers and if so help with the need and support with low rates along with loan plans.

Object Tracking (07/2018 – Present)

- Tracking an object on a real-time camera and also in a video stream.
- Tracks the object that is marked or made the model to learn the object.
- Object is boosted to enhance the tracking and pixel is read to track the change in frames.

Drug Recommendation (01/2019 – 02/2019)

- Drug data is collected and analysed with patient's data report depending on the various factor.
- Built a recommendation system for the drugs and prescription of patient's data.
- Analyzed the user diet plans depending on the drug taken and suggest the plans.

Ads optimization (11/2018 – 11/2018)

- Ads are optimized using the reinforcement learning for each user.
- Counts of different ads that are popped up that rely on the interest of the user.
- Ads that user likes are picked up and prevision the user's likes and dislike taste on each product ad.

Stock Price Forecasting (12/2018 – 12/2018)

- Collected and cleaned data of Google stock price from Kaggle for a month results.
- Recurrent Neural Network is used for predicting the stock price changes like when is high and low.
- Prevision of the stock buys and to increase accuracy in forecasting the profit when to open and close the stocks.

EDUCATION

Higher Secondary
Sri Vijay vidyalaya School

07/2013 – 05/2015

Hosur

Courses

- Maths, Computer Science

- Completed with 91.6%

Computer Science Engineering SRM
Valliammai Engineering College

07/2015 – 06/2019

Chennai

Courses

- Major – Computer Science

- Bachelor of Engineering Completed with 7 cgpa

Student Buddy(Hackathon Project) (07/2017 - 07/2017)

- Fully developed with forum and messaging feature integrated with API.
- Student connect with the staff online and discuss channel in forum.

Penta Doc (09/2016 - 11/2016)

- Full material designed interface for doctors including patients to allow for booking appointment.
- Details for the patients are stored for the doctors to check for the past medications.

CERTIFICATES

Machine Learning A-Z™: Hands-On Python & R In Data Science (01/2018 - 03/2018) [🔗](#)

Deep Learning A-Z™: Hands-On Artificial Neural Networks (04/2018 - 06/2018)

Artificial Intelligence A-Z™: Learn How To Build An AI (07/2018 - 08/2018)

ACHIEVEMENTS

HackerEarth:Predict the Criminal Challenge
(03/2018 - 04/2018)

Ranked Top 3% across India

Kaggle: Titanic Prediction

Ranked Top 5%

INTERESTS

Artificial Intelligence

Machine Learning

Deep Learning

Blockchain

EXTRACURRICULAR ACTIVITIES

Hackathons and Challenge

Participated in online hackathon and challenges in Kaggle.

Startup Demo Day

Attended startup demo day event held in IIT research park where young entrepreneurs share their ideas and connect with the VCs.

ML session at Google Bangalore

Attended the ChAi session held at Google bangalore organized by pi ventures and discussed about the geospatial analysis and got T-shirt as a goodie.

Startup Walk

Startup walk around Chennai organized by Vijay. I had a chance to visit few companies like zoho, orangespace, indix and few.

AWS Community day

An upcoming event will be on Aug 10 on Hilton. Discussion about the latest platforms they provide to support the independent business.
